Wallpaper & Wall murals

- All of our designs can be created into fun wallpaper or a large wall mural. To do this we ask customers to work with our graphic designers to get the perfect finish.

Kanvas interior art

- Both are available in traditional wallpaper as well as adhesive ready.
- As with all our products there is the option to produce customised designs and images and the option to use either photos or your child's drawing.
- Both the wallpaper and wall murals are very durable and can be wiped clean with a soft cloth.

Rugs

- All of our kid's designs can be created into rugs; these are custom made to match the individuals taste.
- Produced by global company Tai Ping, our rugs can be made from the high quality New Zealand wool and nylon or beautiful silks.
- Tai Ping has earned its reputation as a quality producer of customised rugs and carpets from furnishing some of the top restaurants, hotels and residencies across the world.
- Once you have chosen your design you can choose from a range of products including Axminster, hand-tufted or pass-tufted.

Acrylic Art

- Acrylic art is made from printing a design on to an acrylic sheet; this is then mounted using the wall mounts provided. The acrylic panel sits slightly raised from the wall.
- This form of art offers durability, because the print is on the back of the acrylic, it can be wiped clean and can last heavy soiling.
- Acrylic Art is perfect for adding colour to a room where there are excesses of water and steam.
- Any of the Kanvas designs can be produced on to acrylic, and it offers an interesting new texture to a room.
- Photos or a child's drawing can also be placed onto the acrylic.
